2019 Quad City Leadership Academy

Created for participants who wish to learn and improve their leadership skills, this program is ideal for men and women who are either currently in a leadership position or are looking to step into leadership roles in their organization and the Quad City community.

Quad City Leadership Academy

Leadership Essentials

Designed to make you a more effective leader in your organization and community, discussions of leadership topics are led by Ginny Wilson-Peters.

Some of the topics include:

- Building a Network in the Quad Cities
- Effective Influence Tactics
- Leadership Presentation Skills
- Managing Change
- And many more!

Connect with Local Leaders

Learn from established community leaders in an informal setting. The sessions will feature local leaders from our host companies as well as other leaders in the community.

Not only will you gain insight in to our guest speakers' leadership journeys, but they will also share valuable leadership advice with the group.

Service Opportunity

Participants will work together on a community service project of their creation. This may be working with an organization on an existing community event or creating their own 'day of caring' event.

Through this project, you will have the opportunity to apply your new leadership skills in a group setting and build relationships with your fellow participants.

Meet Your Facilitator...

As the President & Owner of Integrity Integrated, Ginny Wilson-Peters shares her passion and leadership expertise by coaching, teaching, and consulting with businesses leaders locally, regionally, and around the world. She is also a lecturer for the University of Iowa PMBA Program and has taught courses on leadership and personal development for over 19 years.

Testimonials

"Ginny Wilson-Peters is a truly great trainer. I thoroughly enjoyed the QCLA and found learning about leadership in our Quad City community beneficial. I would highly recommend the QCLA to others."

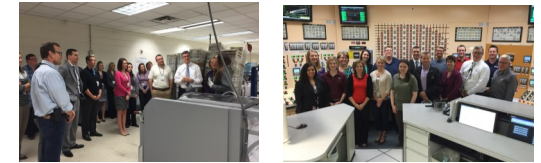

**- Beth Bernauer
U.S. Army Corps of Engineers**

"The course offered by the Quad City Leadership Academy covered a lot of information, delivered in concise chunks that were easy to absorb. The structure was clear, logical, and effective. The Quad City Leadership Academy has obviously put a lot of thought and expertise into its course design. But it wasn't just about the newly obtained knowledge on leadership that gave value. The main benefits came from doing assignments, receiving individual feedback, interacting with other participants, and most importantly, listening to multiple key leaders throughout our community as they shared their story. This format gave me the confidence and knowledge to implement new leadership techniques immediately. I didn't just learn "how" to be an effective leader – "what" and "why" also became much clearer. If any individual wishes to take their leadership capabilities to the next level, then the Quad City Leadership Academy can make it happen!"

**- Joshua Lighton
IowaAmerican Water**

Program Intention

The program's mission is to create, build and connect community leaders to provide them the tools necessary to create positive change in the Quad City community.
